## BIDISAFE

A secure cash handling device that allows deposit and time controlled withdrawal of cash at the cashier position, allowing cashiers to increase or decrease their till drawer holding. Banknotes are inserted into cassettes and loaded into the BidiSafe either through the deposit slot or in bulk as a stack through the security key controlled door. Single cassettes can be withdrawn by pressing the Request button and after a time delay, a cassette will be released from the bottom drawer.

### MAIN FEATURES
