DATASHEET

EXTENDING TRANSACTION DRAWER

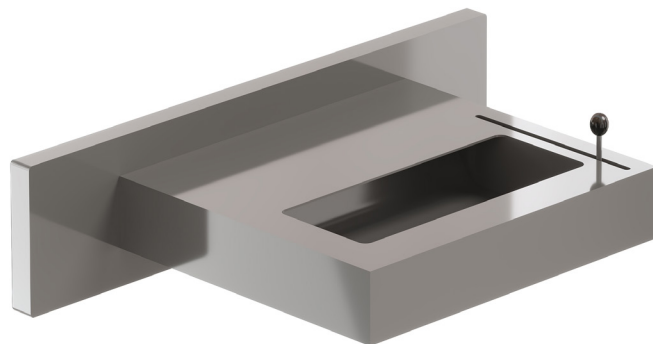

Safetell's bullet resistant Extending Transaction Drawer allows the secure transfer of cash and documents through a bullet resistant line. Typical applications include guardhouse, gatehouse, checkpoints and any high security exterior applications.

MAIN FEATURES

- Allows transfer of cash through a bullet resistant line
- Manual operation with automatic locking at both ends
- Unit is installed flush with the outside fascia
- Integrated intercom for two-way conversation
- Suitable for passing documents up to A4 in size and items up to 45mm in height
- Can be used both internally and externally
- Steel plate pass-through

OPTIONAL

- Fire rated option available
- Coatings available in RAL colours on request
