

SMOKE AND DYE CASH PROTECTION

eSmokenote consists of a thin radio receiver linked to a flexible smoke and dye combination which acts as a deterrent following a robbery. It is a battery powered unit camouflaged within a bundle of unique bank notes that is in communication with a nearby transceiver. When the Smokenote leaves the 25m range of the transceiver, it disperses a highly visible combination of smoke and dye.

MAIN FEATURES

- Unique Tracer Dots on the bank notes ensure a clear link between the note and the original premises
- Can secure cash and cigarettes
- Easy to install
- Acts as a deterrent to repeat theft
- Ideal for petrol stations, retail outlets and any operation involving cash or cigarettes with a risk of robbery

OPTIONAL

- Nationwide service and installation available
- Smokenote - for each till
- Smokepack - to be installed on cigarette gantries at regular intervals
- Smokecarton - to be installed within the cigarette stockroom at regular intervals
